### RETAIL TRADE BY COUNTY OR CENSUS DIVISION AND CITIES OVER 30,000 POPULATION, 1961

This is an advance report of final 1961 retail trade data by county or census division and incorporated place of 30,000 population or more. The regular series of census bulletins to follow will show retail trade in considerable detail.

Totals for 1961 are not directly comparable to 1951 census information as published; certain classifications are now excluded from retail trade and others have been added. Restaurants, lumber dealers, farm implement dealers and feed stores are not included in the 1961 retail totals but were in 1951; all automotive repair shops, radio and television repair and jewellery repair are now part of retail trade but in 1951 were included with the service trades. Census divisions in Manitoba and Alberta have been revised since the 1951 census.

A further explanation of changes and 1951 data revised on a basis comparable with 1961 will be contained in the regular series of bulletins to be released shortly.

### COMMERCE DE DÉTAIL PAR COMTÉ OU DIVISION DE RECENSEMENT ET CITÉS DE PLUS DE 30,000 HABITANTS, 1961

Le présent rapport est un rapport anticipé sur les résultats du recensement du commerce de détail par comté ou division de recensement et par localité constituée ayant une population de 30,000 ou plus. La série régulière de bulletins de recensement qui suivra contiendra une somme considérable de renseignements sur le commerce de détail.

Les chiffres de 1961 ne sont pas rigoureusement comparables à ceux du recensement de 1951 qui ont été publiés; certains classements ont été exclus tandis que d'autres ont été ajoutés. Contrairement à 1951, les restaurants, les marchands de bois, les marchands d'instruments agricoles et les magasins de provenances ne figurent pas aux chiffres du commerce de détail de 1961; toutes les boutiques de réparation d'automobiles, de réparation d'appareils de radio et de télévision, de réparation de bijouterie s'inscrivent maintenant au commerce de détail tandis qu'en 1951 elles faisaient partie des commerces de service. Les divisions de recensement, au Manitoba et en Alberta, ont été révisées depuis le recensement de 1951.

La série régulière de bulletins, qui sera publiée prochainement, contiendra une explication plus détaillée des modifications ainsi que les chiffres de 1951 ramenés à une base comparable à ceux de 1961.
